Gentlemen:

Enclosed is one copy each of Form 1 and Form 2C applications for renewal of your National Pollutant Discharge Elimination System (NPDES) permit. The forms are as received from the Federal EPA and, consequently, are couched in terms appropriate to issuance of consolidated permits by a Federal Agency. Since this agency (Ohio EPA) administers the NPDES permit program in Ohio and since we do not intend to consolidate permits in the foreseeable future, consider the application as pertaining to your NPDES permit only.

In the space provided for "EPA I.D. Number" in the application, use the NPDES Number which, for your permit, is OH0041190. File the application with our Southeast District Office at 2195 Front Street, Logan, Ohio 43138. Do not file this application with the U.S. EPA because it will merely delay and confuse matters.

Filing of this application for purpose of the NPDES permit does not relieve you from the responsibility of filing applications for whatever other permits may be appropriate for that facility.

The only persons authorized to sign applications are described on page 1-4 of Section B, Form 1 Line-By-Line Instructions.

Amended Sub. H.B. 694, effective on November 15, 1981, requires that a non-refundable application fee of \$15.00 accompany the application. The check should be made payable to the Treasurer of the State of Ohio.

Should there be any questions regarding this matter, please feel free to contact our Southeast District Office at 614-385-8501 or me at 614-466-4891.

Sincerely,

Ralph W. Everett, Supervisor
